## Introduction

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter (OTC) drugs and items are covered by First Choice VIP Care Plus. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by First Choice VIP Care Plus. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

## B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

---

### B1. What prescription drugs are on the *List of Covered Drugs*? (or “Drug List” for short.)

The drugs on the *List of Covered Drugs* that starts on page 1 are the drugs covered by First Choice VIP Care Plus. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- First Choice VIP Care Plus will cover all medically necessary drugs on the Drug List if:
  - your doctor or other prescriber says you need them to get better or stay healthy, **and**
  - you fill the prescription at a First Choice VIP Care Plus network pharmacy.
- First Choice VIP Care Plus may have additional steps to access certain drugs (refer to question B4 below).

You can also find an up-to-date list of drugs that we cover on our website listed at the bottom of the page or by calling Member Services at the number at the bottom of the page.

---

### B2. Does the Drug List ever change?

Yes, and First Choice VIP Care Plus must follow Medicare and Healthy Connections Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval (PA) for a drug. PA is permission from First Choice VIP Care Plus before you can get a drug.
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
  - we learn that a drug is not safe, **or**
  - a drug is removed from the market.
- 

 If you have questions, please call First Choice VIP Care Plus at 1-888-978-0862 (TTY 711), seven days a week, 8 a.m. to 8 p.m. The call is free. For more information, visit [www.firstchoicevipcareplus.com](http://www.firstchoicevipcareplus.com).

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check First Choice VIP Care Plus' up to date Drug List on our website listed at the bottom of the page.
  - You can also call Member Services to check the current Drug List at the number at the bottom of the page.
- 

## B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
  - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market we will take it off the Drug List. If you are taking the drug, we will let you know. Please contact your prescriber to determine what to do next.

**We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**
  - Replace a brand name drug currently on the Drug List **or**
  - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

---

 **If you have questions**, please call First Choice VIP Care Plus at **1-888-978-0862 (TTY 711)**, seven days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit [www.firstchoicevipcareplus.com](http://www.firstchoicevipcareplus.com).

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

---

## **B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from First Choice VIP Care Plus before you fill your prescription. First Choice VIP Care Plus may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes First Choice VIP Care Plus limits the amount of a drug you can get.
- **Step therapy:** Sometimes First Choice VIP Care Plus requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.
- **Indication-based coverage:** If First Choice VIP Care Plus covers a drug only for some medical conditions, we clearly identify it on the Drug List along with the specific medical conditions that are covered.

You can find out if your drug has any additional requirements or limits by looking in the tables on page 1-139. You can also get more information by visiting our website listed at the bottom of these pages. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

---

## **B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?**

The table of drugs on page 1 has a column labeled “Necessary actions, restrictions, or limits on use.”

---

## **B6. What happens if First Choice VIP Care Plus changes their rules about some drugs (for example, prior authorization (PA) or approval, quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change PA, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

---

## **B7. How can I find a drug on the Drug List?**

There are two ways to find a drug:

- You can search alphabetically by the drug's name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section. You can find it after the drug listing on page 140. The Index provides an alphabetical list of all of the drugs included in this document. Brand and generic Part D drugs and non-Medicare prescription and over-the-counter drugs covered by Healthy Connections Medicaid are all listed in the Index. Look in the index and find your drug. Each drug will have a page number listed. This number tells you on what page the coverage information is listed.

To search **by medical condition**, find the section labeled "Drugs Grouped by Medical Condition" on page 13 – 16. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

---

## **B8. What if the drug I want to take is not on the Drug List?**

If you don't find your drug on the Drug List, call Member Services at the number at the bottom of the page, and ask about it. If you learn that First Choice VIP Care Plus will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**

- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10 – B12 for more information about exceptions.
- 

## **B9. What if I am a new First Choice VIP Care Plus member and can't find my drug on the Drug List or have a problem getting my drug?**

We can help. We will cover a temporary 30-day supply of your Part D drug and a 90-day supply of your Healthy Connections Medicaid drug during the first 180 days you are a member of First Choice VIP Care Plus. This will give you time to talk to your doctor or other prescriber. They will determine if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires PA by First Choice VIP Care Plus, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility, and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 180 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new First Choice VIP Care Plus member.
- This is in addition to the temporary supply during the first 180 days you are a member of First Choice VIP Care Plus.

A Level of Care change occurs when a member changes from one treatment setting to another. Examples include entering a long-term care facility from an acute-care hospital or being discharged from hospital to home. Current members who experience a Level of Care change are eligible to receive a transition supply of a Non-Formulary drug (a drug not on the drug list) upon admission or discharge from an applicable setting.

If you need assistance getting a transition supply, please have the pharmacy call our Pharmacy Member Services at **1-855-327-0511**, 24 hours a day, 7 days a week.

## **B10. Can I ask for an exception to cover my drug?**

Yes. You can ask First Choice VIP Care Plus to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, First Choice VIP Care Plus may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
  - Other examples: You can ask us to drop step therapy restrictions or PA requirements.
- 

## **B11. How can I ask for an exception?**

To ask for an exception, call Member Services at the number at the bottom of the page. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9, page 25 of the *Member Handbook* to learn more about exceptions.

---

## **B12. How long does it take to get an exception?**

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. For more information on how to submit your request for an exception, call Member Services at the number at the bottom of the page.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

---

## **B13. What are generic drugs?**

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

First Choice VIP Care Plus covers both brand name drugs and generic drugs.

---

## **B14. What are OTC drugs?**

OTC stands for "over-the-counter". First Choice VIP Care Plus covers some OTC drugs when they are written as prescriptions by your provider.

You can read the First Choice VIP Care Plus Drug List to find out what OTC drugs are covered.

---

 **If you have questions**, please call First Choice VIP Care Plus at **1-888-978-0862 (TTY 711)**, seven days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit [www.firstchoicevipcareplus.com](http://www.firstchoicevipcareplus.com).

## **B15. Does First Choice VIP Care Plus cover non-drug OTC products?**

First Choice VIP Care Plus covers some non-drug OTC products when they are written as prescriptions by your provider.

Examples of non-drug OTC products include facial cleanser, artificial tears, and capsaicin cream.

You can read the First Choice VIP Care Plus Drug List to find out what non-drug OTC products are covered.

---

## **B16. What is my copay?**

As a First Choice VIP Care Plus member, you have no copays for prescription and OTC drugs as long as you follow First Choice VIP Care Plus' rules.

---

## **B17. What are drug tiers?**

Tiers are groups of drugs on our Drug List.

There are no copays in any of the tiers, which include:

- Tier 1 drugs are Medicare-covered generic drugs.
- Tier 2 drugs are Medicare-covered brand name drugs and some generic drugs.
- Tier 3 drugs are non-Medicare-covered prescription and over-the-counter drugs. These drugs are covered by Healthy Connections Medicaid.

## C. Overview of the List of Covered Drugs

The following list of covered drugs gives you information about the drugs covered by First Choice VIP Care Plus. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page 140. The index alphabetically lists all drugs covered by First Choice VIP Care Plus.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., COUMADIN) and generic drugs are listed in lower-case italics (e.g., *warfarin*).

The information in the necessary actions, restrictions, or limits on use column tells you if First Choice VIP Care Plus has any rules for covering your drug.

**Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:**

**B/D:** This prescription drug may be paid by your medical benefit or by your pharmacy benefit, depending on how it is used. The pharmacy will work together with the health plan and your provider to determine whether the medication should be authorized under your medical benefit or your pharmacy benefit.

**NMO:** This Prescription cannot be filled by the mail order pharmacy. Please review your Provider and Pharmacy Directory for more information about which pharmacies offer mail order service. For more information consult your Provider and Pharmacy Directory or call our Member Services department.

**QL:** Quantity Limit. For certain drugs, we limit the amount of the drug that you can have. For example, the plan might limit how many refills you can get, or how much of a drug you can get each time you fill your prescription. For example, if it is not normally considered safe to take more than one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

**ST:** Step Therapy. In some cases, First Choice VIP Care Plus requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, First Choice VIP Care Plus may not cover Drug B unless you try Drug A first. If Drug A does not work for you, First Choice VIP Care Plus will then cover Drug B.

**PA:** Prior Authorization. First Choice VIP Care Plus requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from First Choice VIP Care Plus before you fill your prescriptions. If you don't get approval, First Choice VIP Care Plus may not cover the drug.

---

 **If you have questions**, please call First Choice VIP Care Plus at **1-888-978-0862 (TTY 711)**, seven days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit [www.firstchoicevipcareplus.com](http://www.firstchoicevipcareplus.com).

# First Choice VIP Care Plus | 2024 List of Covered Drugs

(Formulary)

**LA:** Limited Availability. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at the number at the bottom of the page.

**MME** stands for morphine milligram equivalents, a measurement physicians use to determine how different opioids relate to each other. Using morphine as the standard, MME is a tool for doctors to compare different drugs in an easy measurement.

**DCR** This indicates that an appropriate diagnosis code is required for coverage of this medication.

**Note:** The DP next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please refer to the call-out box below.

**Extra Help** is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the “Low-Income Subsidy,” or “LIS.”

- These drugs also have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Healthy Connections Medicaid.
- If you or your doctor disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at the number at the bottom of the page. You can also read Chapter 9, page 25 of the *Member Handbook* to learn how to appeal a decision.

If you have questions, please call First Choice VIP Care Plus at 1-888-978-0862 (TTY 711), seven days a week, 8 a.m. to 8 p.m. The call is free. For more information, visit [www.firstchoicevipcareplus.com](http://www.firstchoicevipcareplus.com).
