B. Providers

B1. Key terms

This section explains key terms in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
 - Providers that are a part of our plan's network are called network providers.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you use a network provider, you usually pay nothing for covered services.
- **A Primary Care Provider (PCP)** is a practitioner, like a doctor who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a **referral** if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - **Oncologists** care for patients with cancer.

If you have questions, please call First Choice VIP Care Plus at **1-888-978-0862 (TTY 711)**, seven days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit **www.firstchoicevipcareplus.com**.

- **Cardiologists** care for patients with heart conditions.
- **Orthopedists** care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** for a specialist, or someone that is not your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can use someone that is not your PCP. If you don't get a referral, First Choice VIP Care Plus may not cover the service.
 - Referrals from our plan are not needed for:
 - emergency care;
 - urgently needed care;
 - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area;
 - services from a women's health specialist; or,
 - physician specialist services, including chiropractic and podiatrist services.
 - Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
 - More information on referrals is available in Chapter 3 of the **Member Handbook**.
- You also have access to a **care coordinator** and a **Care Team** that you choose.
 - A **care coordinator** helps you manage your medical providers and services.
 - Your **Care Team** is a group of advocates and providers working together to provide you with medical, behavioral health, psychosocial, social care, and long-term services and supports in the community or in a facility. You are a member of your Care Team, and you can tell us who else you would like to participate. Unless you tell us otherwise, your Care Team will include:
 - you
 - your care coordinator
 - your Primary Care Provider (PCP)
 - your behavioral health clinician (if you have one)
 - your long-term services and supports (LTSS) providers (if you have them). These include:
 - your Home Again Transition Coordinator
 - your waiver services provider

If you have questions, please call First Choice VIP Care Plus at 1-888-978-0862 (TTY 711), seven days a week, 8 a.m. to 8 p.m. The call is free. For more information, visit www.firstchoicevipcareplus.com.

- your Community Long Term Care (CLTC) waiver case manager
- a pharmacist, **and**
- representatives from the facility where you get care
- Your Care Team **can also include** the following people, if it is appropriate and if you agree:
 - nurses, specialists, social workers, and other people who can provide expert advice
 - family members
 - other informal caregivers
 - advocates
 - state agency or other case managers
- Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention;
- within 30 days for routine and preventative care.

B3. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider. You may be able to have a specialist act as your PCP. A specialist can act as your PCP, as long as they sign a PCP contract. This will allow us to assign them to you and pay your claims as a PCP. If you would like your specialist to act as your PCP, contact Member Services, at the number at the bottom of the page to make your request.

If you have questions, please call First Choice VIP Care Plus at **1-888-978-0862 (TTY 711)**, seven days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit **www.firstchoicevipcareplus.com**.

To choose a PCP, refer to the list of providers on page 10 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call your care coordinator at **1-888-978-0862 (TTY 711)**, seven days a week, 8 a.m. to 8 p.m. The call is free. You can also call Member Services or visit our website using the information at the bottom of the page.
- You may change your PCP for any reason, at any time. Also, it's possible that your PCP might leave our plan's network. We can help you find a new PCP if the one that you have now leaves our network. You will have to contact your Care Coordinator or Member Services to change your PCP. Please call Member Services at **1-888-978-0862 (TTY 711)**, 8 a.m. – 8 p.m., seven days a week, or your Care Coordinator, Monday through Friday, 8 a.m. to 8 p.m. The call is free. For more information, visit www.firstchoicevipcareplus.com. The change will take effect immediately when we receive your request to change PCPs.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

B4. Long-term services and supports (LTSS)

You may be able to get long-term services and supports (LTSS), such as environmental modification (minor changes to your home), pest control, home delivered meals, respite care (relief for your primary caregiver, either in an in-patient facility or at your home), personal care services (preserve a safe and sanitary home environment and assist with personal care) and attendant care (support for activities of daily living and monitoring of medical conditions).

LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, and making food. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

LTSS are available to members who are on certain waiver programs operated by the Community Long Term Care (CLTC) division of Healthy Connections Medicaid. Those waivers are:

- Community Choices waiver
- HIV/AIDS waiver
- Mechanical Ventilator Dependent waiver

Members on different waivers can get different kinds and amounts of LTSS. If you think you need LTSS, you can talk to your care coordinator about how to access them

If you have questions, please call First Choice VIP Care Plus at **1-888-978-0862 (TTY 711)**, seven days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit www.firstchoicevipcareplus.com.

and whether you can join one of these waivers. Your care coordinator can give you information about how to apply for an appropriate waiver, and all of the resources available to you under the plan.

B5. How to identify providers in First Choice VIP Care Plus' Network

You may need a referral for someone who is not a Primary Care Provider. There is more information about referrals in Section B1 of this Directory on page 8.

You must get all of your covered services from providers within our network. If you use providers who are not in First Choice VIP Care Plus' network (without prior authorization (PA) or approval from us), you will have to pay the bill.

A **PA** is an approval from First Choice VIP Care Plus before you can get a specific service or drug or use an out-of-network provider. First Choice VIP Care Plus may not cover the service or drug if you don't get approval.

The exceptions to this rule are during your first 180 days in our plan or when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also use providers outside the plan for other non-emergency services if First Choice VIP Care Plus gives you permission first.

- You may change providers within the network at any time. If you have been using one network provider, you do not have to keep using that same provider. For some providers, you may need a referral from your PCP.
- First Choice VIP Care Plus works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, First Choice VIP Care Plus can help you. Talk to your care coordinator for assistance.

B6. How to find First Choice VIP Care Plus providers in your area

Look in this directory to find a provider near where you live. If you know the name of the provider, the easiest way to look them up is using the alphabetical index in the back of the Directory. This index includes all physicians, PCPs, specialists, hospitals, DME providers, and skilled nursing facilities. The index begins on page 2142 and will indicate the page number in the main section of the Directory where you can find the provider.

If you do not have the name of a provider, look in the main part of the Directory. In this section, providers are first listed by type (PCPs, specialists, hospitals, etc.), and are further divided by county, and then city. To locate providers nearest to your home, go to the section of the type of physician or facility you are looking for and then find your county and city. The provider listing begins on page 14.

If you have questions, please call First Choice VIP Care Plus at **1-888-978-0862 (TTY 711)**, seven days a week, 8 a.m. to 8 p.m. The call is free. **For more information**, visit **www.firstchoicevipcareplus.com**.

If you have questions about First Choice VIP Care Plus, or if you would like help in finding a provider, please call Member Services at the number, at the bottom of the page, or visit <http://firstchoicevipcareplus.com/member/english/2024/self-service-tools/find-a-provider.aspx>.

B7. List of network providers

This Directory of First Choice VIP Care Plus' network providers contains:

- **Health care professionals** including primary care physicians, specialists, and mental health providers;
- **Facilities** including hospitals, nursing facilities, Federally Qualified Health Centers (FQHCs), and infusion centers; **and**

Providers are listed in alphabetical order by last name. Providers are also listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.
